

## **Course Description**

**Faculty of Educational Sciences**

**Study program: MSC in Organizational Psychology**

**Course Title: Practical experience**

**Course Credits: 12 ECTS**

**Language of Instruction: Albanian**

**Course Description:** The practice's mission is to develop psychologists with high professional competence. It gives students the opportunity to integrate their knowledge in psychological research, theory and practice. This course is carried out at the institutions and organizations with which USH has cooperation agreements. But also the student, depending on his professional interests and related to the profile in which he studies, can choose an institution or organization (public or private) that operates in Albania.

**Course Goals:** The purpose of this course is to provide students with experience not only in science but also in the practice of organizational or clinical psychology. It enables students to acquire special skills and abilities by coordinating formal course work with practicum in an organizational or clinical environment. This course allows students to spend 4 hours a week in institutions, organizations, or agencies to gain experience and skills in psychology. The professional internship aims to give students a practical work experience and create opportunities to find and solve issues related to the diploma thesis.

**Course Requirements:** To complete the course students will be required to frequent all activities of the course.

**Grading:** Evaluation form Supervisor 30 points; Portfolio 30 points; Final report 40 points.

**Course Schedule:** 4 hour / week. Total=14 weeks
